

## 1. WHAT DO YOU DO AND WHY IS IT IMPORTANT TO THE SOLDIER?

I manage Support Agreements for PM DCATS. Support Agreements help expand resources to support projects that equip the Soldier with satellite communications capabilities.

## 2. WHAT LED YOU TO A CAREER WITH THE ARMY?

I came to PM DCATS by surprise even though I had always desired to support the Army. After working for private industry for more than 15 years, I decided to make a change and shortly thereafter began supporting PM DCATS. I was very excited for the opportunity to support the Army as both my parents and grandfather proudly had careers serving the United States Army.

## 3. WHICH BRANCH DID YOUR PARENT/GUARDIAN SERVE AND WHAT DID THEY DO?

My father, retired Army Colonel and Vietnam Veteran, served on active duty in the U.S. Army for 24 years as an Air Defense Artillery Officer. While a Captain in Vietnam, he served as a Combat Commander and played a key role in the Scud-Patriot engagements during the Gulf War in 1991.

## 4. GROWING UP AS A MILITARY CHILD, YOU HAD THE OPPORTUNITY TO LIVE IN DIFFERENT PLACES. WHICH WAS YOUR FAVORITE?

I was born Wiesbaden, Germany and had the opportunity to move to several different places as a child. Of all the places Hawaii was my favorite because of the great weather and that is where I learned to swim.

## 5. HOW DID GROWING UP AS A MILITARY CHILD SHAPE YOU INTO WHO YOU ARE TODAY?

Growing up as a military child had a great impact. It exposed me to different cultures and made me adaptable in dealing with change.
