

Shaping Acquisition, Driving Innovation.

Maximizing the Power of the Enterprise

WHAT IS ES?

Enterprise Services (ES) is the recognized leader in shaping enterprise services acquisitions and driving innovation across the Army. ES provides commercial off-the-shelf resources to the Army’s workforce. ES provides Army team members with the means to communicate with each other – anytime, anywhere and on any device. We are shaping acquisition and driving innovation.

WHAT DOES ES DO?

ES leads the transformation of the Army’s legacy IT services to a shared enterprise services model, enabling a seamless, integrated front end for the Soldier on any trusted device, anywhere and anytime.

TOP GOALS & PRIORITIES

Why we do what we do, every day

ES provides full life-cycle IT solutions, support and services to its customers in secure environments.

ES increases efficiencies and aligns resources to deliver enterprise-level IT capabilities that enable end-to-end collaboration, messaging and content management across the Army workforce.

ES develops, implements and manages commercial IT contracts that provide enterprise-wide, net-centric hardware, software and support services for the Army. It also provides centralized acquisition management services for enterprise-level, human resource, knowledge-based services and training to DOD-requiring activities.
